PERSONAL DATA

Ambitious, keen about new technologies and QA practices, searching for interesting projects where I could best apply my skills and knowledge as Intern Test Engineer. Have good analytical and communication skills. Fast learner and great team-player. Easily perform monotonous work and very attentive to details.

WORKING EXPERIENCE

Freelance Graphic WEB-designer

“MAX-TD” online marketing agency (05.2016-6.2018)

MAX-TD is specialist in online marketing for small business in topics of tourism service. MAX-TD owns the network of sites for booking accommodations around the world. My work was to develop new UI for websites, new logo and banners for advertising companies.

Seller

“Citrus” gadgets and accessories store (08.2014-03.2016)

I worked in the widely known chain of stores in Ukraine. I was helping customers not to drown in a variety of gadgets, understand the expectations, clarify requirements and finally make the very best choice. From the other side I was required to fulfil personal sales plan. It was a great experience to directly communicate with the end clients, understand their needs, analyze the market which gave me a big push to my future profession choice!

Achievement: The best seller 4 months in a row.
